TTA Helps participants explore Information Technology (IT) as a potential career field.

As of 2013, over 2,500 wounded active duty service members, wounded veterans, spouses and caregivers have completed the TTA program

Classes are taught in instructor-led settings and complemented by web-based exercises, online learning, and peer mentoring

The material is developed for those who are living with traumatic brain injury (TBI) or post-traumatic stress disorder (PTSD)
