16 September 2013

Recovering Warrior Task Force (RWTF) has released its 2012-2013 Annual Report

Alexandria, VA. – The RWTF is pleased to announce the release of their 2012-2013 Annual Report, which marks the RWTF's third report since its establishment in 2010. Each report provides the Department of Defense (DoD) with advice and recommendations on the care, management, and transition of recovering Service members and their families. This year's report encompasses 21 recommendations and findings in various areas as identified in their charter, which the RWTF determined needed to be further addressed. The report was released on 3 September 2013.

During the 2013 fiscal year, the members of the RWTF executed various information gathering events that were vital to the production of this annual report. The RWTF executed a total of 6 public business meetings and 14 installation visits, which included both military and Veterans Affairs facilities. The members also conducted 30 focus group sessions with 263 military and family member participants.
